

Sl. No.	Information sought	Information provided
1.	Is it true that if one set of latitude & longitude coordinates is provided in the records of heritage sites and in notification then it signifies one single heritage building only.	Since the matter pertain to the NMA, the RTI application is being transferred to NMA under section 6(3) of the RTI Act-2005, for providing information directly to the applicant under intimation this office.
2.	Is it also true that if several latitude & longitude coordinates are provided in the records of heritage sites and in notification, then it signifies the entire area constituting other historical buildings, streets or landmarks within the defined area and is commonly referred as heritage precinct.
